

Interior detail of a new M-8 railcar

Senator Duff's Legislative Update

Improvements to I-95 Exits 14-15 Are a "GO"!

This project will add extra entrance/exit lanes on I-95 Northbound between Scribner Avenue and the Fairfield Avenue off ramp, plus I-95 Southbound between US 7 and Exit 14, left turn lanes on US 1 and new sidewalks. Expect improvements to storm water drainage on US 1 and I-95 to alleviate street flooding in the area. The project will be put out to bid in late fall and construction should start in early spring, 2012.

More Good News Regarding M-8 Railcars

The new M-8 railcars are already operational on 130 weekly trains running between New Haven and Grand Central Terminal. Thirty-four M-8's have been delivered. We should see another 24 cars arrive by the end of this year. Expect the remainder of the original 380-car order to be delivered through 2014. And Governor Malloy recently announced plans to purchase 25 more M-8 railcars for use on the New Haven Line. **Commuters can check delivery status of the new cars at www.ct.gov/dot.** Look for the heading "Highlights and Initiatives", then Click the "M-8 Rail Car Update" link.

Preventing Domestic Violence

The Connecticut legislature has provided greater victim access to services, including access to restraining and protective orders. Those who have experienced a pattern of threatening or stalking (including teens) will find it easier to request a restraining order. There is also improved information sharing about domestic violence incidents between state agencies.

Legislative Update

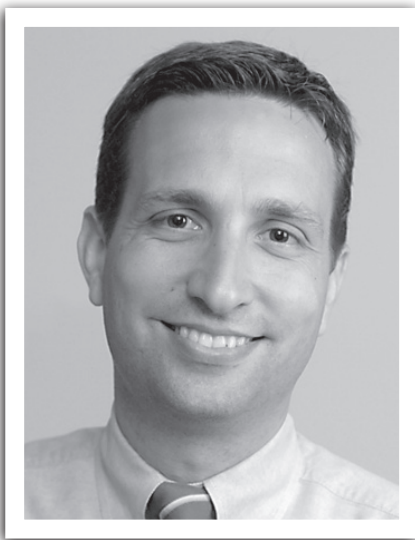

Flip this card over for important updates on three issues of concern to the people of Norwalk and Darien. For the quickest updates and breaking news on issues affecting you, follow me on Facebook and Twitter.
